So stare and  
Look at the colors they glow so another can view  
Through the signs  
Only one way to hold it together  
It's time that somebody let go  
Of the line

(Chorus):

It's the air I breathe in  
Poisoning so long  
It's a moment, a feeling  
When all my world's gone wrong  
It's the air I breathe in  
Holding in so long  
It's a moment, a feeling  
What the hell took so long?

Wait, see now  
Patiently summer while fuckheads discover  
Their two car garage  
All I want is a chance to discover  
What else may become of this place  
So designed

(Chorus)

This will be  
The last time  
You lie  
To me

But the holding takes so long  
Breathing gathers sound  
Sounds to burden song  
I've been holding in so long

For one day we  
Pretend we're something else  
See by the light of today into the night  
Throw, we've  
Words that don't mean  
And a shout that's bled into a sigh

Left to die

(Chorus)
