You wanted me to come in and talk  
Needed to see me  
Said you were sorry for my loss  
Sir, things are weird since the accident  
My wife is leaving  
She misses the way I use to talk

I need some help  
Emergency  
No lies  
No therapy

You still have trouble sleeping and you  
Have to believe that  
There's still so much I'm not telling you  
And promise life will get better  
There have to be reasons  
For everything I'm going through

I need some help  
Emergency  
No lies  
No Therapy  
Just hold me down so I can scream  
I need some help  
Remembering  
No lies  
No therapy  
Just hold me down so I can scream

When do I get some answers?  
Do I get this time back?  
And how come my dreams never came true?  
And how come my dreams never came true?

I need some help  
Emergency  
No lies  
No Therapy  
Just hold me down so I can scream  
I need some help  
Remembering

No lies  
No therapy  
Just holy me down so I can scream
