What are you on about  
I'm listening to you  
And somehow you've stopped making sense again  
Honey you're tired  
Just go to sleep  
Before you fall face down again

You're boring  
I'm wide awake and you're snoring  
If you're awake it's not working  
So what's the point

Of this  
How did I find myself with you  
I don't love you  
You've suddenly stopped making sense again  
Another thing your stories  
Uninteresting and boring  
Eventually they have to end  
End right now

You're boring  
I'm wide awake and you're snoring  
If you're awake it's not working  
So what's the point  
Struggling through another night with you  
You're boring  
You're boring  
Another word about your friends and you

I was only kidding  
Get back into bed  
Before it all ends bad again

You're boring  
I'm wide awake and you're snoring  
If you're awake it's not working  
So what's the point  
Struggling through another night with you  
You're boring  
You're boring

Another word about your friends and you

Good night

Good night
