You wont get me crazy
Choking up, sweaty hands,
I wont stay up at night losing sleep
I can't have it done to me

The truth is you would do anything
To get into my mind, I wont tell you why
I'm leaving you behind

Is there something you wanted to tell me
Have you been thinking about me lately
Falling for me was never this easy
You're not in love you're just hung up on me

And you've been keeping calm
And I've been noticing
My lieing mouth couldn't hide what's in my eyes she's
got me
Hooked into this stare
Trying to change just who I am

The truth is you would do anything
To get into my mind, I wont tell you why
I'm leaving you behind

Is there something you wanted to tell me
Have you been thinking about me lately
Falling for me was never this easy
You're not in love you're just hung up on me

So don't play it down for me
My words inside your bed
That I don't intend on keeping
It's a tear you can't repair

The truth is you would do anything
To get into my mind, I wont tell you why
I'm leaving you behind

Is there something you wanted to tell me
Have you been thinking about me lately

Falling for me was never this easy
You're not in love you're just hung up on me
