Maybe it's true
Maybe they locked it up
And got the best from you
I know it's hard
To turn around
And peel away the truth

Look at you now
You're angry and confused
So what you want to do?
I'll back you up
Whatever time it takes
It's never enough

Promise to save your life
You'll come around
A better man than I
And when you're falling hard
Just keep yourself alive
Promise to save your life
No debt to me
Maybe it was a lie
Okay to fall down, now
Once in a while

This is the time, these are the promises
That will bring you back to life
I will show you that you can recover
I will show you that you're safe

Promise to save your life
You'll come around
A better man than I
And when you're falling hard
Just keep yourself alive
Promise to save your life
No debt to me
Maybe it was a lie
Okay to fall down, now
Once in a while
Promise to save your life
Once in a while

Promise to save your life
Once in a while
