So many hands, they're all reaching  
What's this? You make me feel young again

I'll swing the mic and then I'll let your  
Your eyes do all the rest  
C'mon, you're way too easy to impress

The way your hands feel on my back  
Feel the pressure  
Girl, this isn't the first time  
It's the lust baby  
The way your hands feel on my back  
Feel the pressure  
Girl, you know...

When you're staring I will stutter to focus  
I'll bite my lip until the lights go on  
When you're staring I will stutter to focus  
We'll watch it end of the screens

Inject the adrenaline  
Cause we need it to survive  
Don't turn me off, don't shut me down

I'll swing the mic and then I'll let your  
Your eyes do all the rest  
C'mon, you're way too easy to impress

The way your hands feel on my back  
Feel the pressure  
Girl, this isn't the first time  
It's the lust baby  
The way your hands feel on my back  
Feel the pressure  
Girl, you know...

When you're staring I will stutter to focus  
I'll bite my lip until the lights go on  
When you're staring I will stutter to focus  
We'll watch it end of the screens

It's the lust baby..

When you're staring I will stutter to focus  
I'll bite my lip until the lights go on  
When you're staring I will stutter to focus  
We'll watch it end of the screens, We'll watch it end

When you're staring I will stutter to focus  
I'll bite my lip until the lights go on  
The way your hands feel on my back  
Feel the pressure  
We'll watch it end of the screens

It's the lust baby..
