Reckless girl
Sharing our secrets and wounds
No matter what happens tonight
Just lie to me
And say it's alright
In the world
When people get angry with you
You don't always know what to do
I never want to leave this place
As long as I have you

When it feels it's just not happening now
Either way, we gotta get out of this town
I just want to count on you
Whenever I am down

Violent girl
We run from the pain in the world
And keep it hidden away

When it feels it's just not happening now
Either way, we gotta get out of this town
I just want to count on you
Whenever I am down

When it feels it's just not happening now
Either way, we gotta get out of this town
I just want to count on you
Whenever I am down

It's the hand that cuts
The heart that's opening
Your tears, your blood
Forgive me woman
It's the hand that cuts
The heart that's opening
Your tears, your blood
Forgive me woman
It's the hand that cuts
The heart that's opening
Your tears, your blood
Forgive me woman

When it feels it's just not happening now (It's the hand
that cuts)
Either way, we gotta get out of this town (The heart
that's opening)
I just want to count on you (Your tears, your blood)
Whenever I am down (forgive me woman)

When it feels it's just not happening now (It's the hand
that cuts)
Either way, we gotta get out of this town (The heart
that's opening)
I just want to count on you (Your tears, your blood)
Whenever I am down (forgive me woman)

Your tears, your blood
Forgive me woman

When it feels it's just not happening now
