I don't understand why you track me down
All I did was make you run around
I'll never call you back
I'll never let you win
Is it worth all the time if you can't ever win?

You never
What we were
Ignoring you, you're making it worse
No hope here
And no safety
It's all lies
Why you following me?

I'm not the one you thought I was
Get up, get up, you follow me
I'm not the one you thought I was
I just led you on

I wish I wouldn't come back
I wish I wouldn't commit
It's time to face
Since when can drugs replace my feelings?
They won't make me love you again

You never
What we were
Ignoring you, you're making it worse
No hope here
And no safety
It's all lies
Why you following me?

I'm not the one you thought I was
Get up, get up, you follow me
I'm not the one you thought I was
I just led you on
