Transcribed by Mark.

Here Come The Rome Plows

Sad to say it's over now, here come the hunns - pick a side, or pick a spot -

Here come, here come the rome plows. why waste - your time - here come the

Hunns - be my date tonight here come, here come the rome plows - cal state - no

Fun - stay put - here comes - to clean the slate - to pass the time - to erase

- yank crime - yeah we're on - the receiving end - i never been - dear heart,

Dear friend - i never been on - the receiving end - not a scratch, not a dent -

I never been on - the receiving end, i never been

Do You Compute

Do you compute - i think you do - don't need it proven, don't wanna listen,

Don't need a tour of the pieces i'm missing, as if you were put here to

Straighten us out, and everything you said was being written down - you weren't

And it isn't and nobody's listening, and nobody gives a fuck what you go do

With your life

Golden Brown

I got a shingle and i'll guard it with my life, i'm just keeping off the flies

- yeah i drank from the tap - shoulda left it in the pipes. this is my cause

And my excuse - i'll take the loss but i'll get what i got due. yeah i ain't

Burnt - just golden brown.

Luau

Failures in outer space, failures and crimes, lets get something straight:

S'not for mine. before you were born, after you die, failures in outer space,

Failures and crimes, it's depth - whatever it's worth - it's

in the unit to  
Measure the curse - it's in the set-up yeah it's built in,  
whatever the get up  
- yeah it's built in - wait til the rubout - wait til the purge -  
wipe the last  
Haole the fuck off our turf - aloha! aloha! suit up! luau!  
luau! luau! luau! -  
Kill off the tourist and we'll all sleep sound - cash-in  
their fillings & blow  
It in town - we'll blow it on rifles, we'll blow it on drinks,  
head in the  
Corner, head in the sink  
Super Unison  
Ready ready to let you in. up with the mob. it ain't no  
accident we're better  
Off. you're set to inherit what i got. you're putty now in  
my hands. you're  
Bloody now in my hands. yeah keep the herd in check  
or be absorbed. that's  
All. yeah that'll happen next and who'll be there to write  
you off. bla bla  
Bla...  
New Math  
Yeah i'd stoop to that. sure i would. yeah you been had.  
that's how i got my  
Job at the underwriter's lab. you bet i sucked up.  
everychance i had. that's  
How i fixed it. that's what i did. and now my knees are  
spotless and my legs  
Are crossed. and i needn't spread them. cause i can  
afford: piety, chastity,  
Charity, your company.  
Human Interest  
You set it up, you set it right, it's fair enough. al'right: if  
i want a  
Loan, if i wanna trespass. why should i walk when  
you've got wheels. when i'm  
In doubt, when i'm in debt, when i'm in deep at your  
expense. then i owe you.  
I owe you. i owe. i'd never make you suffer, i know that  
wouldn't do, and  
That ain't practical, and i ain't through. when what i got  
needs fixing, when i  
Want something new, i know i'm covered with you.  
your're my human interest...  
Sinews  
Found yourself an asshole, find yourself the door. ain't  
gonna fix your leaks  
For you. ain't gonna watch the store. every last string  
and gut pulled apart  
And divvied up / my share / trash man / etc. found

yourself an asshole, knew  
You could afford. keep your handouts - cup cake - find  
yourself the door
