I've been watching nervously
Cause I know you're not asleep
I can hear you thinking badly
And sometimes you must forgive
And your friends and what they did
Throwing in the towel for you

You're not alone
Or so strong
You're not leaving alone
So hold on

You can't seriously be
Selfishly considering
The world better off without you
Think of those who have to live
And hate every day without you kid
You're not running away

You're not alone
Or so strong
You're not leaving alone
So hold on

You're not alone
So hold on
You're not leaving alone
So hold on
Forgive me

You're not alone
Or so strong
You're not leaving alone
So hold on
You're not alone
Or so strong
You're not leaving alone
So hold on

Forgive me (forgive me)
Forgive me (forgive me)
I know just how you feel

I know just how you feel
