Lost in myself once again  
An angel falls, the devil walks, there's no inner peace  
Look at me you're lost at sea  
Circling eternally  
Come and help me from this insanity

I'm wearing my disgrace  
I hate to see your face  
I want to see you drown in your sorrow

You know, I know I'm not the same  
I'm fading away, I'm falling into the black  
I know that you know we're the same  
We're fading away, we're falling into the black  
Looking at me through your eyes  
My own reflection staring back at you, you're afraid  
Now the sea has calmed I'm eased  
I have found eternity  
Time for you to help yourself from insanity

No need to feel disgraced  
Still hate to see your face  
No need to see you drown in your sorrow

It lets you see, lets you believe  
You're hearing what you hear  
Nothing's ever what it seems  
We're falling into the black
