So many hands, they're all reaching
What's this? You make me feel young again

I'll swing the mic and then I'll let your
Your eyes do all the rest
C'mon, you're way too easy to impress

The way your hands feel on my back
Feel the pressure
Girl, this isn't the first time
It's the lust baby
The way your hands feel on my back
Feel the pressure
Girl, you know...

When you're staring I will stutter to focus
I'll bite my lip until the lights go on
When you're staring I will stutter to focus
We'll watch it end of the screens

Inject the adrenaline
Cause we need it to survive
Don't turn me off, don't shut me down

I'll swing the mic and then I'll let your
Your eyes do all the rest
C'mon, you're way too easy to impress

The way your hands feel on my back
Feel the pressure
Girl, this isn't the first time
It's the lust baby
The way your hands feel on my back
Feel the pressure
Girl, you know...

When you're staring I will stutter to focus
I'll bite my lip until the lights go on
When you're staring I will stutter to focus
We'll watch it end of the screens

It's the lust baby..

When you're staring I will stutter to focus
I'll bite my lip until the lights go on
When you're staring I will stutter to focus
We'll watch it end of the screens, We'll watch it end

When you're staring I will stutter to focus
I'll bite my lip until the lights go on
The way your hands feel on my back
Feel the pressure
We'll watch it end of the screens

It's the lust baby..
