Way you look at me like that, somethingæŠ̄ got to give  
pretty soon  
Throw it on a camelæŠ̄ back, somethingæŠ̄ got to  
give pretty soon  
Living hard to chase the dream, way beyond our ways  
and means  
Yours donæŠ° mean a goddamn thing.  
ThatæŠ̄ what you said, but, donæŠ° believe it.

That shattered look upon your face, somethingæŠ̄ got  
to give pretty soon.  
Swallow, but canæŠ° stand the taste, bark at the wind,  
chase the moon  
Living fast and drinking lots. List of things we  
havenæŠ° got.  
Tired of life with the have-nots  
ThatæŠ̄ what you said and I believe it.

Maybe what you needæŠ̄ for someone to send you  
flowers  
Someone strong and mean who can prove he has the  
power to  
Show you more than charm and take you on your way  
To where you want to be at the end of the day  
And it breaks my heart in two to know it ainæŠ° meant  
to be  
But, it ainæŠ° me. It ainæŠ° me.

And you say itæŠ̄ these things I do, about me thatæŠ̄  
attracted you  
So if I started doing something else, what would we  
have left.  
And you say you just want compromise, then act so  
different all the time.  
These reasons why you said goodbye, just another way  
of telling lies.

SomethingæŠ̄ got to give, got to give pretty soon  
Or else weæŠ®e gonna lose the very things that made  
it bloom  
Sitting in silence in a cold and lonely room

While the world goes on around us

Something we got to give, got to give pretty soon  
Or else we're gonna hate each other  
And that would be the saddest thing I ever seen.
