C'mon over to my house, yea. We'll work on my car.
Just got some more duck tape, I got the parts,

Payload, speed boat
Wanna come along,
Vice grip, guilt trip
Don't get me wrong

I can sleep standing up, and still look awake,
For 6 bucks an hour, for 8 hours a day,
Where's all my money go an hour after I get paid?
I can get the girl wired but I can't make her stay.

Lean down, swing down
Don't be too long
Vice grip, guilt trip
Don't get me wrong

Quiet ... when I'm here alone
I need somebody I can talk to, but I think I broke the
phone
I said good luck in jail the last time I called home
I need somebody I can talk to, but I think I broke the
phone
