Visit "[Home Field Advantage](#)" on MotoLyrics.com

You ain't much of a player
And you ain't playing for free
You just know all the chatter
And you've been chatting to me

Now you're taking me down
With a home field advantage
Now you're calling me out
With a home field advantage

You may have thrown me a curve ball
You threw a doozie at me
You ain't too fast 'cause you're so tall
You threw a doozie at me

But now you're taking me down
With a home field advantage
Now you're calling me out
With a home field advantage

You don't know what to do
Yeah, you're looking around
Nobody's at home and you know the count
Well, you break and run just to tie it up

Well, you're taking me down
With a home field advantage
And you're calling me out
With a home field advantage
