I don't even like the way it sounds
One day it's gonna be I told you so
I'm expectin' that you're gonna be down
One day it's gonna be I told you so
One day it's gonna be I told you so
One day it's gonna be I told

You never listened to a word I said
One day it's gonna be I told you so
I told you something and you kicked me in the head
One day it's gonna be I told you so
One day it's gonna be I told you so
One day it's gonna be I told

I'd like to catch you when you're fallin'
But you're too busy for me, darlin'
I tried to tell you you'd be fallin'
Now go on home and do your bawlin'

You picked up crazy and you let it in your head
One day it's gonna be I told you so
I'm all full up from the shit I was fed
One day it's gonna be I told you so
One day it's gonna be I told you so
One day it's gonna be I told
