Johnny sniffing glue, he was 12 years old  
Fell to the Earth on Easter night  
Cathy was 11 when she pulled the plug  
On 26 reds and a bottle of wine  
Bobby got leukemia, 14 years old  
He looked like 65 when he died  
He was a friend of mine

Those are people who died, died  
They were all my friends, and they died

Brian got busted on a narco rap  
He beat the rap by rattin' on some bikers  
He said, "Hey, I know it's dangerous, but it sure beats  
Riker's"  
But the next day he got offed by the very same bikers

Those are people who died, died

They were all my friends, and they died

Herbie pushed Tony from the Boys' Club roof  
Tony thought that his rage was just some goof  
But Herbie sure gave Tony some bitchen proof  
"Hey," Herbie said, "Tony, can you fly?"  
But Tony couldn't fly, Tony died

Those are people who died, died  
They were all my friends, and they died
