The hours creep across the face
As she paces across the floor
She canÂ't even get to sleep since Tony went to war
She feels bitchslapped and abandoned
By a world she thought she knew
Cold beyond comprehension as their little girl turns two

Now theyÂ're saying on the flat screen
They ainÂ't found a reason yet
WeÂ're all bogged down in a quagmire
And there ainÂ't no end to it
No Nine Eleven or Uranium to pin the bullshit on
SheÂ's left standing on the home front
The two of them alone
