I'm broken down and I'm bedded in sin
I dream of gold but my heart is tin
I need this
I'm a witness

Ain't it enough
I should know what to do
I don't need to actually go through
With this
I believe this

The heavens have opened
It's clearer now
The sun was all around

Is it clearer now?

The heavens have opened
It's clearer now
The sun was all around

Is it clearer now?

Clearer now...

There was a haze that had clouded my gaze
Although I think I'll see it again
Am I ever
Together?

And like the fields that are covered in dew
The mist had come but the sky turned blue
And lifted
What was misted

The heavens have opened
It's clearer now
The sun was all around

Is it clearer now?

The heavens have opened

It's clearer now
The sun was all around

Is it clearer now?

Clearer now...

(guitar solo)

The heavens have opened
It's clearer now
The sun was all around

Is it clearer now?

The heavens have opened
It's clearer now
The sun was all around

Is it clearer now?

Clearer now...
Clearer now...
