Awash under waves that have tossed and turned me  
again  
I'm adrift on an ocean, distance, emotions I feel  
Let me drown in demons that I have  
On the streets and shores of foreign lands

And I don't want you to notice  
That I'm this way  
I don't want you to care  
That I'm down here

Don't want you to see this  
Can't see me now  
I just want you  
Please won't you take me away?

I heard yesterday that the sea winds are now set to  
change  
And that ship-to-shore will send us message of where  
we will go  
If the winds should rage and drown my soul  
Let the North Star guide my hand

Take me home  
Take me home

But I don't want you to notice  
That I'm this way  
I don't want you to care  
That I'm down here

Don't want you to see this  
Can't see me now  
I just want you  
Please won't you take me away?

Help is on its way I'm sure but..  
Until then I'll hold my head up high

I don't want you to notice  
That I'm this way

I don't want you to care  
That I'm down here

Don't want you to see this  
Can't see me now  
I just want you  
Please won't you take me away?  
Take me away  
Take me away

Guide me, find me  
Tell me you see what's inside me

Guide me, find me  
Tell me you feel what's inside me

Guide me, find me  
Tell me you feel what's inside me
