What did you want from me?
What did you want me to say
As I was walking away?

Yeah

The kingdom of love has fallen
I promised that I'd always lived there
The sun and the skyline are calling and you know I've
always wanted to be there

I never meant to hurt you
I never meant to lie
All I wanted was a chance to say goodbye

What did you want from me?
Is it all that you thought it would be?
What did you want from me?
What did you want me to say
As I was walking away?
What did you want from me?
Yeah
What did you want me to say
As I was walking away?

Yeah

The kingdom of love has fallen
Trouble comes now I see it
The sun and the skyline are far and you know I've
always wanted to see that

I never meant to hurt you
I never meant to lie
All I wanted was a chance to say goodbye

What do you want from me?
Is it all that you thought it would be?
What do you want from me?
What did you want me to say
As I was walking away?
What do you want from me?

Yeah
What did you want me to say
As I was walking away?

So here we are together
And I've saved a little piece for just one fight
And I've seen it all before
And trouble comes now to our door
I see you
I see it all

And I love you
And I love you
Ooh yeah

Yeah, girl

I never wanted it this way
I never wanted it this way
I see it all
I see it all
I see it all
I see it all, girl
