Let me explain of my young life
Of the people who called me their own
It's true to say that life's never easy
But the soul of their love isn't gone
Well, I said that I'd love more than fiction above
And I'd pray if I thought things would change

Oh, but now I'm told
That feelings I hold
Are just fiction that's worthless again

We are,
Still are,
More than you will ever be
(More than you will ever see)

We are,
Still are,
Trying to make it out of here
Let us be together, let us be

In the red half light
I was raised at midnight
Just as the last throws began.
The people were leaving in a fashion deceiving
To the eyes of a means to an end

Well, I said that I'd love more than fiction above
And I'd pray if I thought things would change

Oh, but now I'm told
That feelings I hold
Are just fiction that's worthless again
Yeah

We are,
Still are,
More than you will ever be
(More than you will ever see)

We are,
I know we still are

Trying to make it out of here
Let us be together
Let us be yeah

Let us be together

We are,
Still are,
More than you will ever be
(More than you will ever see)

We are,
Still are,
More than you will ever see
(More than you will ever dream)

We are,
Still are,
More than you will ever dream
(Understand and you will see)

We are,
I know we still are,
Trying to make it out of here
Let us be together
(Together Together Together Together Together
Together)
Let us be together
Yeah Yeah
Yeah Yeah
Yeah Yeah
Yeah Oh
