Long lean lady from the shadow lands  
A devious nymphet hungry for another man.  
Her hairs across her eyes so you can't see her gaze.  
Her lust a raging fire, gonna set your body aflame.

She's a lovely disaster, and poisoned fortune rolled  
into one.  
She's a bliss filled nightmare, lets you have her all  
night,  
Then returns to the darkness before the morning light.

Sleek serpents walk, snakes follow behind,  
Crawls inside you eyes and spins a web in your mind.  
Her body's craving sin, this siren knows she's got it all.  
Dominating witch she'll make you cum when she calls.

Her touch will burn you.  
Saliva's like lava on your lips.  
She's a tragic parade, just look at the mess she's  
made.  
All the while laughing while your heart bursts in flame.

(Chs)-Delightfully Evil, satanically good.  
She'll ruin your life like you'd always hoped that she  
would.  
Angelically wicked, a bitter pill.  
Demonically enchanting,  
De-light-ful-ly evil!

She leaves a trail of fire, everywhere she goes.  
When she down on all four in her provocative hell pose.  
You know she's coming soon, she lays back and  
spreads her wings.  
Like a orgy orchestra this girl will make you sing.  
She's a intoxicating disease.  
She'll lick your wounds clean, and then give you more.  
When you spin her around, to do her from behind.  
She's got a tattoo on her back, the devil's whore.

(Chs)-(solo)  
She's got you obsessed, a drug you just can't seem to  
resist.

As she turns to walk away, she growls call me  
sometime.

Just pick up the phone and dial 666.

(Chs)

De-light-ful-ly evil!
