I thought I was trying to make a difference
I thought I was starting to fly
The sky is the limit when nothing can hold you
I thought I was trying to fly...

(Chs)
I don't know just what I'm missing
And I don't think I care
If you scream I won't be listening
Touch me if you dare
A Downward Spin Again

Just when you thought the sun will shine
Is just when it started to RAIN
Cause then the storm clouds move in
And it's all changing again
DRIVIN' me outta my mind

(Chs)-A Downward Spin Again

I watched your life blaze right past you
I thought I knew what to say
Because you know things aren't quit as it seems
Everythings going to change...

(Chs)-A Downward Spin Again, again, and again. Now...
