Get up, get on your feet, gotta get this whole thing  
goin'.  
Time to meet, gotta hit the streets, gonna make that  
scene tonight.  
Looking good, and feeling right, got some money in  
my pocket.  
Goin' out, gonna scream and shout, gotta get this  
place a jumpin'.

(Chs)-Whao, Get Lucky.  
Lookin' good and I feel no pain.  
Whao get lucky.  
Just got paid and wanna play.  
Whao get lucky.  
Gonna sing what I wanna say.  
Whao-o get lucky.  
Gonna live like I'll die today.

The waters fire and the brew is cold, and the lights are  
way down low.  
Smoke is green, and the bud is free it's in the air  
tonight.  
The band is hot, and the bass is pumpin,  
Start to smile when girls start bumpin.  
Gotta move, don't fight the groove.  
Don't sit around do something!
