Remember the toys we had as kids?  
How could our play things have come to this?  
Games for the Devil with Lucifer's dice.  
Roll out our numbers then take out our lives.

(Chs)  
We're Toys For The Witches  
Evil play things born to die  
Were toys for the Witches  
Watching this world through lifeless eyes.

Fear of the dark and mystic ways,  
The serpents tooth you start to pray.  
Amazing magick your in it's spell  
Can't turn away amazed to hell.

(Chs)  
We're Toys For The Witches  
Evil play things born to die.  
We're toys for the Witches.  
Watch this world through lifeless eyes

In the Witches wind your spirit can fly  
On a Warlocks breath you can take a ride  
But watch what you seek,  
Don't know what you'll find.  
This kind of magick will blow your mind

(Chs)
