

Drivin' N' Cryin' "For You"

There's a blue light flashin' from across the street
My road gets ornery at my feet
Was it you that I saw walk by,
Or was it just my imagination runnin' wild?

I'm so tired of waiting for you
I've got a crush on you
I'm so tired of waiting for you
To come around again

Have you ever been lied to, have you ever been kept?
On her return I wept as she slept
I held her hand till the mornin' sun
When I woke up I knew again she had run

I'm so tired of waiting for you
I've got a crush on you
I'm so tired of waiting for you
To come around again

On a long winter's wait I stared at the door
Wrote her a letter, and turned it to song
Left it unfinished as we'd left it undone
But as she walked through the door, I sang her this
song

I'm so tired of hoping for you
I'm so tired it's all so blue
I'm so tired of waiting for you to come around again

I'm so tired of waiting
I'm so tired of searching
I'm so tired of hoping, for you, for you, for you
I'm so tired of waiting for you to come around again
