Stormmaker give me storms that shine with me in
[Incomprehensible]
Windmaker blow my mind that shows me there's
another kind
They had me believin' that all white men could shake
my hand
And make a stand
Manmaker make a men that take their time to live with
them

Cloudmaker make me clouds that spell out problems
true and loud
Dawnmaker show me dawns that rise with me and show
my bones
He said, "We can do better than that but that they clap
will soon forget"
Have you heard the changing words?

Peacemaker make me peace and I will be the man you
seek
Peacemaker make me peace and I will be the man you
seek
Peacemaker make me peace and I will be the man you
seek
Peacemaker make me peace and I will be the man you
seek
Rolling wonder, rolling river

Friendmaker make me friends that stand with me unto
the end
Daymaker make my day that last as long as I can take
Have you heard the wolf creepin' around my door while
I was sleepin'?
I figured they would be so one as to slap my blisters for
their promise

Peacemaker make me peace and I will be the man you
seek
Peacemaker make me peace and I will be the man you
seek
Peacemaker make me peace and I will be the man you
seek

Peacemaker make me peace and I will be the man you
seek
Rolling wonder, rolling river
