These days I'm over this and all the games you're
playing
Can you say something I haven't heard before?
Wasting time.
I know you can't change enough to make me change
my mind
But chances are you thought you were the last
You were just the latest

Perfect girl that I faked out,
Forever's one more promise that I've broken
You're hoping for the better but you're just the latest.

Forget my perfect lines and talk of happy endings,
Did I make my worst intentions crystal clear?
Wasting time.
I know you can't change enough to make me change
my mind.
But chances are you thought you were the last
You're just the latest

Perfect girl that I faked out,
Forever's one more promise that I've broken
You're hoping for the better but you're just the latest

With mascara tears she cries,
"Goodbye could be the greatest mistake you ever
made"
You're just the latest

Perfect girl that I faked out,
Forever's one more promise that I've broken
You're hoping for the better but you're just the latest.
