

Drivin' N' Cryin' "Together"

I've been watching you from the mountain
Watchin' all of your evil ways
But when I lost
Well I knew that you'd run
You brought me uptown
But I brought you down
You said goodbye and I said
Don't be too long
'Cause it's together we'll rise again

I've been sitting in the churchyard
Stalking all your restless pleas
I left your longing
For a life that was new
You look for prophets
And they look for fools
Together you'll find each other
Just roamin' around
For the answer's plain to see

For it's together
We'll rise above
From the inside track
We're comin' so close
It's just the one of us
The two us
Takes all of us
To get it all together we'll rise

I was woken in the morning sun
The heat bearin' down on me
In the backseat of my car
Have we left the best of it
Just lying around
You took me dancing
But you brought me home
You took me inside
But I brought you out
For the whole world to judge and see

For it's together
We'll rise above

From the inside track
We're comin' so close
It's just the one of us
The two us
Takes all of us
To get it all together we'll rise

I miss the way she moved me
I miss the way she smells
I miss the way she tatsed
But I've got my story to tell to get her home
