When you finally become a mute  
While a sad song plays  
You lie helpless and lost  
Infected by the truth

That was fabricated by you  
Your image shattered  
In the eye of the storm  
We would never reach out to you  
How could you?

Your desperation  
To look like a victim  
Is such a cop out  
You're fooling yourself

Your inspiration  
Is your contradictions  
You're lost the concept  
Of what's the real truth

That it's you who is the thief  
Who should be humbled  
By the sheer size of your crimes  
We befriended you, it was abuse

There's no better time  
Then the present time  
To finally forget you  
How could you?

Your desperation  
To look like a victim  
Is such a cop out  
You're fooling yourself

Your inspiration  
Is your contradictions  
You're lost the concept  
Of what's the real truth

Close your eyes and pretend

That it's still alright  
Do you feel it tonight?  
Can you feel it tonight?  
It's all crashing down

Lately you know you've seen it  
The face in the mirror never lies  
You're fading, fading
