I love how they used to say  
It's all in your head  
You're a paranoid picture, you're a photograph

Exposed by the light  
When you step outside  
Burnt by the sun that's in your eyes

But when I saw it in my face  
In this mirror that needs to break  
Somethin' bothered me and left me to feel

Betrayal, betrayal  
It rips right through me  
How you lie right to me

Betrayal, betrayal  
Will this world make better sense  
Once you mean nothin' to me?

It's on the cutting room floor  
Footage of this mess  
Filmed then packaged and ready to sell

Betrayal, betrayal  
It rips right through me  
How you lie right to me

Betrayal, betrayal  
You used to live in a memory  
Now those pictures are burning, now, now

You're a memory, a fingerprint on the film  
You're a shadow in the sun  
Now it's your time to burn

Betrayal, betrayal  
It rips right through me  
How you lie right to me

Betrayal, betrayal  
Will this world make better sense

Once you mean nothin' to me?

One day, you will come crawlin' back  
To the same place that I've been
