Pain' here comes the angel slayer  
Pain' here comes the fire fight  
Pain' here comes the final battle, hells on my side

Pain' I am the soul collector  
Pain' I am the fear you fight  
Pain' I am the one who stalks you, I live inside

There will be hell to pay  
Let me through and I will end your pain  
There will be hell to pay  
Your flesh is mine your blood belongs to me

Your blood belongs to me

Did you cry

When will I she'd  
This halo of the damned  
When will I breath in  
One breath of confidence  
Just one day of  
Freedom from silence  
Saving my mind from  
Illusions of consciousness

Lost again  
Rise  
I'm lost again  
Resurrection  
Betrayed again  
Rise  
Slipping into  
Desperation

Self inflicted, cut by the hand that feeds

Torn incisions, comfort in misery  
These abrasions will start consuming me  
Resurrection

This infection starts to cripple me

My will's broken torture and misery

I am the soul collector  
I am the fear you fight  
I am the one who stalks you, I live inside

Pain' here comes the resurrection  
Pain' here comes the birth of night  
Pain' here comes the reign of terror, I live inside

Pain' I am the dream destroyer  
Pain' I am the parasite  
Pain' I am the death inside you face of demise

There will be hell to pay  
Let me through and I will end your pain  
There will be hell to pay  
Your flesh is mine your blood belongs to me

Blood belongs to me

Did you cry

When will I breath in  
One breath of confidence
