This is the mot?r-heavy piss-take

Let me show you:

God or how he's called

He justifies you all

False worship to confess, you fear the demons that you
bless

"oh father I've sinned but regret it all

For sure you'll condone so I'll do some more"

Wake up, mendacious brainwash!

You are mendaciously brainwashed!

That's bollocks for me!

A thousand wars, a million dead, faith forced upon,

To rape, to kill, break and bruise, pillage, scourge and
burn

Reset your mind, trust a logical adjudication

Forget your personal crusade and take a vacation

No more lies, no poor illusion

Behold the unfeigned solution

Life means:

1. to discover

2. to coexist - circles intertwine

3. open-mindedness - two wrongs make no right

Banned, bound, entranced and blessed

Coerced obedience, a human nonetheless

Fuck your mot?r-heavy piss-take!

Fuck off!

Disengage your mind

From obsolete doctrine

Break the chains that still

Arrest your thoughts and bind your will

Watch for the sunset, a new dawn has come

A wider horizon, there for everyone
