Here we go again
Fighting over who started the argument
Now why can't you and I just get along

It's unfortunate
That it's hard for me to even give you compliments
When all you do is bitch 'bout what is wrong

I wish I didn't have to say...

It's over
But believe me girl it's better this way
Too many second times around
Too many times we let each other down
It's over
I never meant for us to end up this way
And although it hurts like hell
I'd rather you save tomorrow for someone else

Now don't you get teary-eyed
And act with disbelief like it's a big surprise
Wasn't it you who used to
Threatened to walk out on me
Maybe one day we can both look back
And laugh at the stupid things that made us mad
(Oh) And maybe decide
To give our love
Yet another try

I wish, oh I wish, I didn't have to say that it's over
(repeat hook)

Don't you think that I am enjoying this
I'm trying not to cry (I don't want to cry)
I've had it up to here
I'm tired of living in misery
But I hope that we can still be friends
Once we put aside all the bitterness
'Cause I still care about you

Oh I wish I didn't have to say it's over (repeat hook)

And although it hurts like hell
I'd rather you save forever for someone else
