We all have our secrets some don't sit well
Some will turn to white lies just as well
Why can't you come clean and tell the truth?
Come clean

Always watching your watch
You're always right on time

I'm on fire
Will someone put me out?
Reaching for the stars above the clouds
I'm burning
Come clean
Tell the truth

Touched by an angel, the Devil's breath

Stop being anxious
This villain is faceless
She follows, she traces
This liquor's now tasteless
I can't change this
This lack of breathing will
make you sick
Under the knife's where I'll
make you slip
I can't change this I can't
change

Stop! Listen to words you
should have said When you
can't live without that
person that got inside
your head.

A selfish heart appears
kind O love, it comes in
shades of grey It's so
easy to be used by you

Stop being anxious
This villain is faceless

She follows, she traces
This liquor's now tasteless
I can't change this
This lack of breathing will
make you sick
Under the knife's where I'll
make you slip
I can't change this I can't
change

Touched by an angel, the devil's breath
