I didn't think this could happen to me
I wanted the easy road
I had my parade, but it started to rain
And now it looks out of control

Why do I feel like Your hiding?
Oh remind me again

I am loved
I am Yours
I have someone beside me, I can't deny
I am loved

Sometimes we go to sleep wishing that we could be
different then who we are
Chasing our dreams has taken it's toll on
me
I tried just a little too hard

And I, I keep beating myself up
Oh remind me again

I am loved
I am Yours
I have someone to find me
Someone to guide me home

I am loved
I'm not alone
I have someone beside me
And I can't deny I am loved

Your not far away (x3) (echo)

Maybe your driving out there on the highway
Feels like your out on your own
Let me remind you God never left you
He's right there wherever you go

You are loved
You're not alone
You have someone to find you

Someone to guide you home

You are loved

Your not alone

Cause God is beside you

And He won't deny you are loved

Cause God is beside you

And He won't deny you are loved
