They they can make a law,  
Then I can break a law.  
If I can break a law,  
Will the law break me?  
It comes tumbling down again,  
I can't comprehend,  
Is it destiny?  
Your nomadic state,  
Are you a refugee,  
No place to call your home.  
Forever walk alone,  
As the world goes on  
Forgotten by the ones you've know.

Chorus:  
And all the words you gave me  
I lost on bended knee  
But you can't stop these cravings  
Just by praying they would cease

If I can make a life,  
Then I can take a life.  
If I can save a life,  
Will this life save me?

Time after time,  
I still seem to find,  
You're looking out for me.  
So wrap your arms around me,  
Hold me close, and don't let go.  
Let me lean on you as I think things through,  
If I don't then we'll never know.

Will your faith save me?  
Will I find this place where I belong?  
Can you protect me?  
Keep me safe from harm?  
Will you help me carry on?
