Got the time when the sun goes up

We'll drink until we drop

My love for hundred brews

That soothes, the foot's been dropped

Not enough for the men on the walk

I drive and drink till I drop

No doubt about it  
Can't live without it  
No doubt about it

I can't live without it, alcohol

Alcohol

Why it's my destiny?

You get the beer

We get the time

You get the coke, gimme a line

No doubt about it

Can't live without it

No doubt about it  
I can't live without it, alcohol

Got the time when the sun goes up

We'll drink until we drop

I drive and drink till I drop

You get the beer

We get the time

You get the coke, gimme a line

No doubt about it

Can't live without it

No doubt about it

I can't live without it

Alcohol
