Where you gonna run to? Where you gonna hide?
Bodies on the floor no one's getting out alive
Death is in the air there's trouble all around
Now you got it coming This time you're going down
Deeds not words you should've told the truth
You're a liar and traitor and now we got the proof

Liar and a traitor
And now we got the proof

Hindsight's twenty twenty it's so easy looking back
You made all the wrong choices Now you gotta live with
that
But living's not the problem I got better plans for you
Like a bug I'm gonna crush you and then scrape you off
my shoe
You've been thinkin' that you're safe but you're too
blind to see
You turned your best friends into mortal enemies

Where you gonna run to?
Where you gonna hide?
You're running for the door now
No one's getting out alive
Where you gonna run to?
Where you gonna hide?
You're running for the door now
No one's getting out alive

Better watch your back you'll never get away
No talkin' your way out there'll be nothing left to say
I knew you as a child I hate you as a man
You're a two faced rat that nobody can stand
Deeds not words you should've told the truth
You're a liar and traitor and now we got the proof

Liar and a traitor
And now we got the proof

Deeds not words you should've told the truth
You're a liar and traitor and now we got the proof

Where you gonna run to?
Where you gonna hide?
You're running for the door now
No one's getting out alive
Where you gonna run to?
Where you gonna hide?
You're running for the door now
No one's getting out alive
Where you gonna run to?
Where you gonna hide?
You're running for the door now
No one's getting out alive
