I first meet this man at the Cammen street Tracks  
In no shape for success headed nowhere to fast

He may have been someone once by the sound of his  
call

Now he answers to no one  
NO-ONE AT ALL!

We all die alone, he shouted as he passed  
With no sense of regret, see he never looked back

Though his pride was wounded, his ego was strong  
Yea that was his Trouble and this is his Song

You said we die alone, in this case you were right  
No friends by your side or family in sight  
There'll be no talking your way out this time  
So don't count the cash cause you leave it behind

His friends come and go like the seasons and tide  
He can't keep a women they all realize  
He loves them, leaves them, takes what he needs  
He's loyal to no one, no one at all

You were brought up well still in spite of it all  
You're touched by nothing, watch a man fall

Put a foot on his back to get a better view  
Cause your loyal to No-one. NO-ONE BUT YOU!

You said we die alone, in this case you were right  
No friends by your side or family in sight  
There'll be no talking your way out this time  
So don't count the cash cause you leave it behind

He was broken and tired wouldn't take a hand  
Their kindness was simple but he couldn't understand

See it's hard to have faith in something so new  
When your loyal to no one, NO-ONE BUT YOU!

You said we die alone, in this case you were right

No friends by your side or family in sight  
There'll be no talking your way out this time  
So don't count the cash cause you leave it behind

You said we die alone, in this case you were right  
No friends by your side or family in sight
