Now each day when I wake up and I set my best foot
forward,
I'll make an effort to be all that I can be.
And I take a look around me and I wonder how things
change so much,
in the few short years since I was a young boy.

LET'S GO!

Do you know what we're fighting for?
I know in an instant I could lose everything I'm working
toward.

chorus

I know I'll win my battles, though I fear we'll lose the
war
to the new American way.

The morals of this nation's youth have long gone
astray.
Led by tolerance, indifference, in this kinder, gentler
way.
That has corrupted and destroyed, so many of our
boys and girls.
Oh lord I start to wonder, will it ever come around?
