It took so long just to get here  
I don't even know if it's true  
But what I found when I got here  
Is all I really needed was you

And come on  
Don't want you to be that photograph  
That haunts me  
Yeah  
When I'm gone  
I'm not gonna leave  
I told you that before

In no time this won't hurt  
In no time at all  
And don't say this won't work  
In no time at all

I took a drive  
But I can't steer  
I'm barely holdin' on to the wheel  
Missed the road to get back here  
And I just want to know how it feels

And come on  
Don't want you to be that photograph  
That haunts me  
Yeah  
When I'm gone  
I'm not gonna leave  
I told you that before

In no time this won't hurt  
In no time at all  
And don't say this won't work  
In no time at all

We need love...  
We need love...  
Oh!

Come on  
I want you to be here  
Come on  
Be here with me now  
Come on  
I need you here  
It's the only way  
It's the only way

In no time this won't hurt  
In no time at all  
And don't say this won't work  
In no time at all

We need love...  
We need love...
