Well its always been about big Money for them, they're greedy and they Reek Soaring profits, big gains, The Cash Accumulation Gains is all these cowards seek And they always find a way to kick out the needy. Tenant Enemy Number One. Tenant Enemy Number One. Through excuses and blatant lies Is how they operate And by continuing a parade of Deception the game just continues, How in the name of decency do They sleep? Tenant Enemy Number One. Tenant Enemy Number One. Just you better look out and Watch your backs... Tenant Enemy Number One. Tenant Enemy Number One.
