Well it's always been about big money for them  
They're greedy and they reek soaring profits, big gains  
The cash accumulation gains is all these cowards seek  
And they always find a way to kick out the needy

Tenant enemy number one  
Tenant enemy number one

Through excuses and blatant lies is how they operate  
And by continuing a parade of deception  
The game just continues  
How in the name of decency do they sleep?

Tenant enemy number one  
Tenant enemy number one

Tenant enemy number one  
Tenant enemy number one

[Incomprehensible]

Tenant enemy number one  
Tenant enemy number one

Tenant enemy number one  
Tenant enemy number one

Tenant enemy number one  
Tenant enemy number one

Tenant enemy number one  
Tenant enemy number one
