Well the devil's nipping at your heels and this time it's  
for real  
A lonely hunger starts to gnaw as you wish away the  
pain  
Of another desperate dead end day forever filled with  
sadness  
To forget about the pain you take your bottle and drink  
your grain

Singing hail, hail, the gang's all here  
Leave your worries at the door boy  
For they're not going anywhere

Hail, hail the gang's all here  
When the going gets tough  
I know my friends will still be there

Well you're walking down the road and the wind is in  
your face  
You're down and out and the unemployment line's a  
mile long  
The money in your pocket may not get you through the  
day  
But cheer up son I know a place where mugs like us  
belong

Singing hail, hail the gang's all here  
Leave your worries at the door boy  
For they're not going anywhere

Hail, hail the gang's all here  
When the going gets tough  
I know my friends will still be there

Pick your heart up off the ground though I'm sure it  
weights a ton  
You're no better or no worse than any mother's son  
Though you're up against all odds and you're backed  
against the wall  
You recall the cheer "The gang's all here" and shout

Hail, hail, the gang's all here

Leave your worries at the door boy  
For they're not going anywhere

Hail, hail the gang's all here  
When the going gets tough  
I know my friends will still be there

Hail, hail  
Hail, hail

Hail, hail  
The gang's all here  
Hail, hail  
The gang's all here

Hail, hail  
The gang's all here  
Hail, hail  
The gang's all here

Hail, hail  
The gang's all here  
Hail, hail  
The gang's all here

Hail, hail  
The gang's all here  
Hail, hail
