If they can make a law

Then I can break a law

If I can break a law

Will the law break me?

It comes tumbling down again

I can't comprehend

Is it destiny?

Are you a refugee?

A nomadic state

No place to call your home

Forever walk alone

As the world goes on

Forgotten by the ones you know

[Chorus:]

And all the words you gave me

I lost on bended knee

But you can't stop these cravings just by praying they
would cease

If I can make a life

Then I can take a life

If I can save a life

Will this life save me?

Time after time

I still seem to find

You're looking out for me

So wrap your arms around me

Hold me close and don't let go

Let me lean on you as I think things through

If I don't we'll never know

[Chorus x2]

Will your faith save me?

Will I find this place where I belong? (Find this place
where I belong)

Can you protect me from my troubles?
Keep me safe from harm?

Will you help me carry on?!

[Chorus x2]

Then they can break a law
If they can make a law

If I can break a law

Will the law break me?

It comes tumbling down again
I can't comprehend

Is it destiny?

A nomadic state
Are you a refugee?
No place to call your home

Forever walk alone

As the world goes on

Forgotten by the ones you know
