She had excuses and she chose to use them,  
She was the victim of unspeakable abuses,  
Her husband was violent, malicious, and distant,  
Her kids now belong to the state of Massachusetts

They've been taken away(Hey! )  
They've been taken away

Timmy was a bright one  
Tommy's off his head  
Mother loved them both the same at least that's what  
she said  
I don't predict the future, I don't care about the past  
Send them both to DSS now you've had your chance  
The boys who stole your babies  
The judges took your rights  
You can have your children, over tonight!

I suppose you are a victim  
I suspect you may have lied  
If you've lost all ambition won't you give this thing a try  
If you can't and you fail you won't be the only loser  
These kids don't stand a chance with you in their  
future!

They've been taken away  
They've been taken away

Timmy was a bright one  
Tommy's off his head  
Mother loved them both the same at least that's what  
she said  
I don't predict the future, I don't care about the past  
Send them both to DSS now you've had your chance  
The boys who stole your babies  
The judges took your rights  
You can have your children, over tonight!
