I am just an open book  
For everyone to take a look  
Do my insecurities alarm you?  
You can fill me up with Novacaine  
And Lithium to ease my brain  
But it doesn't seem to change my point of view

I was lost and couldn't hear you  
Closed my eyes and couldn't see you  
But everything about you is revealing  
You can take the blame from me  
Lock it up without the key  
Don't you know the whole world isn't stealing  
From you

And sometimes she puts the weight of the world on me  
And she don't notice  
Sometimes she puts the weight of the world, yeah  
Yeah, yeah, yeah

If you wondered what you did to me  
I tangled with security  
You left me in the street  
For dead and bleeding  
But your friends all said you went away  
But I think I got it right today  
Thought that there's a chance that you might need me  
Well do you?

And sometimes she puts the weight of the world on me  
And she don't notice  
Sometimes she puts the weight of the world, yeah  
Yeah, yeah, yeah

And you can take that hard look  
You can take that  
You can take that  
And you can take that hard look

I am just an open book  
For everyone to take a look

Do my insecurities alarm you?  
You can fill me up with Novacaine  
Lithium to ease my brain  
But it doesn't seem to change my point of view  
'Bout you  
You

And sometimes she puts the weight of the world on me  
And she don't notice  
Sometimes she puts the weight of the world, yeah  
Yeah, yeah, yeah  
(2x)
