She said don't leave me alone tonight.  
She spoke with intoxicated eyes.  
She said don't leave me alone tonight.  
She spoke with intoxicated...

We're both so young and stupid; you should have seen  
what I did.  
One too many drinks, just let me explain.  
We shared that bottle like we shared that kiss and no  
one is to know about this.

Drunken words are so convincing but so is the truth.  
I'll never love you, but I'll still respect you.

She said don't leave me alone tonight.  
She spoke with intoxicated eyes.  
She said don't leave me alone tonight.  
She spoke with intoxicated eyes.

The only thing we have in common  
Is letting our drinking problem get the best of the worst  
of us.  
Sorry girl but I don't love you; breaking hearts is what  
I'm in to.  
When we wake up we are through.

Drunken words are so convincing but so is the truth.  
I'll never love you, but I'll still respect you.

She said don't leave me alone tonight.  
She spoke with intoxicated eyes.  
She said don't leave me alone tonight.  
She spoke with intoxicated eyes.

Not a one night stand that never was.  
Don't make this harder on the both of us.  
It's not a one night stand that never was.  
Don't make this harder; don't make this harder on us.

It's a one night stand that never was.  
Don't make this harder on the both of us.  
Just try to understand this never was.

Don't make this harder on us.

Drunken words are so convincing but so is the truth.  
I'll never love you, but I'll still respect you.
